Welcome to the Master Programme in Cross Media Interaction Design!

You have been admitted to the master programme “Cross Media Interaction Design” at Umeå University. My name is Kalle Jegers and I am the programme coordinator for the programme. You will meet me at the course registration and as a teacher during some parts of the course. Firstly, I wish to remind you to reply to your Notification of Selection Results at Universityadmissions.se, so that you won’t lose your place (seat) at the programme. If you have any questions regarding your programme, you are most welcome to contact me or the study counselor. You will find our contact information at the end of this letter. We wish you a warm welcome to the programme and hope that you will enjoy your period of studies here at Umeå University in Skellefteå!

Programme registration
The programme starts off with registration and introduction. If you are unable to attend during the registration and introduction, you need to contact the program coordinator and study counselor in advance, or else you risk losing your place (seat) at the programme.

Time and date: 1 pm on September 3, 2012
Place: Lecture room D 206 (2nd floor), D-building at Campus Skellefteå

Systems and IT services for students
As a student at Umeå University you will get access to a number of systems and IT services. In the student portal system, Portalen, you will get access to personal services, such as the student e-mail and your study results. Cambro is another system, used as a learning platform for many university courses. You will find more information about these at www.student.umu.se/english/about-systems-and-it-services-for-students.

As a new student, you need to activate your user account to get access to these services.

If you have applied to Umeå University through Universityadmissions.se, you will receive a letter from Umeå University with a temporary user identity that you can use to activate your user account. You can also use your user identity on Universityadmissions.se to activate your user account. Both ways to activate the user account is reached via www.student.umu.se/english/about-cas-and-other-it-services/activate-your-user-account.

If you have applied to Umeå University as an exchange student, you will receive information about how to activate your user account in the letter sent to the postal address that you stated when you applied to Umeå University.

When you have activated your user account, you will reach the student portal (Portalen) or the learning platform (Cambro) via the sign in links to the right at www.student.umu.se/english.
If you have previously studied at Umeå University, you won’t receive a temporary user identity because you already have a user account and don’t need to activate that account again. You just sign in via the links to the right at www.student.umu.se/english. If you have forgotten your password or wish to change it, you can do that via the link “Forgotten your password?” next to the sign in links.

If you encounter problems signing in to Portalen or other technical errors, please send a message to the ServiceDesk, www.servicedesk.its.umu.se/Default.aspx?language=en.

More information about your coming studies
There is more information about the Cross Media Interaction Design Master Programme available at http://www.informatik.umu.se/english/education/programmes/program-description/?code=SACMM.

Information about the upcoming courses and syllabuses will be available at http://www.informatik.umu.se/english/student/courses-autumn-2012/ as we approach the upcoming semester.

Accommodation in Skellefteå
If you haven’t already found a place to live in Umeå, you will find information and tips at our website: http://www.campus.skelleftea.se/student/studentbostader.aspx.

Studying with disabilities
If you are in need of special support due to disability, you should apply for that in good time before you start your studies. Find more information on support for studying with disabilities at: www.student.umu.se/english/during-your-studies/support-for-disabled-students.
